

ALL-POWERFUL GOD

God, grant that I may stay firm in my faith and not give in to doubt

Not because of my prayer, but because you, you are the truth

All-powerful God, always remind us that no one can do us wrong, without being
harmed a thousand times more in your eyes

Thus help us to forgive rather than punish, to show mercy rather than hate

All-powerful God, allow us to reject all hatred and any spirit of discord so that we may live together like true children of God, in perfect fraternity. Not “my Father,” but instead, “our Father.”
